

PRO PEA + ALA

Supports healthy glucose levels

- Insulin resistance
- Blood glucose levels
- Diabetic neuropathic pain
- Antioxidant

 Vegan  Non-GMO  Gluten Free  EC Support

PRODUCT DESCRIPTION

Alpha lipoic acid (ALA) has been used for over 50 years in managing high blood glucose levels which are highly damaging to most tissues due to the formation of advanced glycation end products (AGE's). The mechanism of action is likely via improved insulin signaling and reducing insulin resistance. However, ALA is a mixture of both R+ and S forms. AOR was the first company in the world to introduce the pure R+ lipoic acid, which is the far superior antioxidant to the ALA mixture, which contains both good and bad forms.

AOR's Pro PEA + ALA combines analgesic effects with the antioxidant effects of R+ for a powerful protective effect on diabetic neuropathic pain which is usually difficult to manage.

AOR ADVANTAGE

AOR's Pro PEA + ALA combines PEA with a well-known and highly versatile antioxidant, R+ alpha lipoic acid (R+). Clinically, PEA has shown to be an excellent anti-inflammatory. PEA and R+ are a potent combination, protecting the nerve cells, relieving pain and inflammation and providing antioxidant support.

NPN: 80096768

90 capsules

Serving Size:

One capsule

Medicinal Ingredients:

‡ Palmitoylethanolamide (PEA)

R-(α)-lipoic acid sodium salt

‡ Micronized, Genuine Italian Source

Non-medicinal Ingredients:

None.

Capsule: hypromellose

AOR 34442

Adult Dosage:

Take one capsule, three times daily, or as directed by a health care practitioner. Do not open capsules, as this may compromise the stability of the medicinal ingredients.

Cautions:

Consult a health care practitioner prior to use if you are pregnant or breastfeeding, if you have diabetes or if symptoms persist or worsen. If you experience sweating, paleness, chills, headache, dizziness and/or confusion, discontinue use and consult a healthcare practitioner (as these may be symptoms of serious low blood sugar). Consult a health care practitioner for use beyond two months.

Complementary Products:

Pro Green Tea, Pro Quercetin
