Découvrez la science derrière notre
supplément pour la santé digestive

HEPATIK DEFENSE

The liver is responsible for more than 500 bodily functions. These functions include bile production, blood glucose management/ glycogen storage, the production of enzymes and hormones, and the elimination of multiple toxins/viruses/bacteria. The liver also acts as the storage site of fat-soluble vitamins. Liver dysfunction can play a major role in many chronic illnesses. Liver diseases are very common in North America.

100% sans herbicides, pesticides
ou autres produits chimiques.

VitalityTM

INGRÉDIENTS - PAR 2 CAPSULES

BITARTRATE DE CHOLINE	350 mg
INOSITOL	250 mg
N-ACÉTYL-CYSTÉINE	200 mg
CHARDON MARIE 10-1 (SYLIBUM MARIANUM)	200 mg
ARTICHAUT 10-1 (CYNARA CARDUNCULUS)	200 mg

INGRÉDIENTS NON-MÉDICINAUX

CELLULOSE VÉGÉTALE, ACIDE STÉARIQUE VÉGÉTAL.

INGRÉDIENTS

Choline: precursor to production of lecithin

- Lecithin is a key component in the production of bile
- Bile is created in the liver and then concentrated in the gall bladder
- Upon ingestion of dietary fat of any source bile is released
- Bile emulsifies fat globules that they may be packaged for transport
- The liver controls the packaging and deliver of triglycerides systemically

Inositol: lipotropic compound that prevents fat build up in the liver (CHO & fatty Liver)

- Blocks enzymatic action of fatty liver accumulation
- Helps with cirrhosis, hepatitis, liver damage
- Works in partnership with choline to support phase 2 detox pathway: estrogen, progesterone

NAC: cysteine is a sulphur-containing amino acid which is a key precursor to producing glutathione

- Glutathione used in both phase 1 & 2 liver detoxification (excess detox depletes it)
- Protects liver cells from free radical damage (toxic intermediaries)
- Natural news source

Milk Thistle: powerful action of silymarin to stimulate optimal liver function

- Silymarin has antioxidant and anti-inflammatory properties in the liver (2000yrs)
- Benefits to cancer cell division, shorter life span of cancer cells, reduced blood supply
- Enhances cells ability not to allow toxins past membrane, neutralizes toxins endogenously
- Boosts antioxidant activity and helps regeneration of healthy liver cells

Artichoke: bile stimulant which protects liver from accumulation of fat & cholesterol

- With milk thistle improves cells resilience to potential toxins
- Natural cholagogue which increase bile production & gallbladder function
- AO activity for liver cells

POSOLOGIE

RECOMMANDATION

Adultes : prendre 1 capsule 3 fois par jour.

Prendre avec de la nourriture, ou suivant les recommandations d'un professionnel de la santé.

Durée d'utilisation recommandée : utilisez pendant au moins trois semaines pour obtenir des effets bénéfiques. Consulter un professionnel de la santé pour une utilisation au-delà de 6 mois.

Mises en garde : consultez un médecin si vous souffrez de maladie du foie, de cystinurie ou si vous prenez de la nitroglycérine ou des antibiotiques ou si vos symptômes persistent ou s'aggravent après l'utilisation. Consultez un médecin avant d'utiliser ce produit si vous êtes enceinte ou si vous souffrez de calcul biliaire ou si vous allaitez.

Contre indications : ne pas utiliser si vous êtes allergique aux plantes de la famille des astéracées/tournesols /marguerites. Ne pas utiliser si vous souffrez d'une obstruction du canal cholédoque.

Réactions indésirables connues : l'hypersensibilité, telle que l'allergie, a été observée. Si cela se produit, cessez d'utiliser Hepatik Defense. Certaines personnes pourraient souffrir de troubles gastro-intestinaux.

Hepatik Defense favorise :

- Contribue à la fonction du foie.
- Hépatoprotecteur.
- Accroît le flux biliaire (cholérétique).

PROPER DOSING

RECOMMENDATION

2 caps daily.

Begin with 2 caps daily divided into a morning and evening dose with meals. After a week increase the dose to 2 caps AM/PM for the duration of the bottle. Consult with a health care practitioner for synergistic lifestyle practices to compliment the effects of Hepatik Defense.

Medical Disclaimer: Do not use if you are pregnant or breast feeding. Consult a health care practitioner prior to use if you have a liver disease or if symptoms persist or worsen after use. If you have cystinuria or if you are taking nitroglycerin or antibiotics consult your doctor prior to use. Hypersensitivity, such as an allergy have been known to occur in which case, discontinue use. Consult a health care practitioner for use beyond 1 month.

Contraindications: Do not use if you are allergic to plants of the Asteraceae / Compositae /Daisy. Do not use if you have a blockage of the bile duct.

Known adverse reactions: Hypersensitivity, such as allergy, may occur. In this case, discontinue use. Some people may experience gastrointestinal upset

Hepatik Defense Promotes:

- Improved liver function
- Increased levels of glutathione
- Antioxidant protection for liver cells
- Improved detoxification potential
- Increased bile production
