# Triple Turmeric Px

**Triple Turmeric Px** is the optimal combination of whole organic turmeric, organic supercritical extracted turmerones, and curcuminoid standardized extract with an enhanced liposomal delivery system. Black pepper and organic sunflower lecithin increase bioavailability of active compounds. This synergy of various turmeric compounds optimizes prostaglandin activity by balancing NF-kB (Nuclear Factor- Kappa B).

## Formulation Features

- Highest curcumin essential oil content and turmerones per cap in the Industry
- First in the Industry to use phosphocholine from certified organic sunflower lecithin mixed with curcuminoids and certified organic turmerones
- Lipophilic curcuminoids have been shown to be able to cross the blood-brain barrier
- Stability tests performed by Intertek, an independent analytical lab.
- Absorption study performed by Charles River Laboratories, an independent drug research in Massachusetts
