Size: 30, 75 Vegetarian Capsules
Actual Size: 20.84 mm x 7.51 mm

Theracurmin® 2X

Highly Bioavailable Curcumin
 Provides Antioxidants · 120 mg

- Theracurmin 2X has the highest concentration of Theracurmin curcumin per capsule available
- Smaller capsules, more concentrated potency
- Utilizes patented, natural colloidal dispersion technology to enhance bioavailability and dramatically increase curcumin levels in the blood
- Advanced manufacturing techniques increase free curcumin blood levels in a dose-dependent linear relationship
- Curcumin modulates an impressive number of molecular targets – enhanced absorption allows for significantly greater potency and therapeutic effect
- High-potency formula allows for easy dosing
- Suitable for vegetarians/vegans

PRODUCT SUMMARY

Curcumin’s role in the prevention of atherosclerotic plaque formation, platelet aggregation, and LDL oxidation indicates multi-fold cardiovascular benefits, and its ability to inhibit angiogenesis and induce apoptosis in cancer cells suggests both preventative and therapeutic benefits. Prospective clinical trial data has also shown the effectiveness of Theracurmin for knee osteoarthritis symptom relief, and a decreased need for rescue medication.

The limiting factor in curcumin’s efficacy has been its poor systemic bioavailability, as it is poorly absorbed in the gastrointestinal tract and rapidly metabolized. Advanced manufacturing techniques used to make Theracurmin have reduced its particle size over 100-fold, and the combined use of natural emulsifiers to form a colloidal suspension has tremendously increased curcumin’s bioavailability. This significantly increases blood levels of curcumin many times that of other preparations, including so-called enhanced forms of curcumin. Theracurmin increases curcumin levels in a linear and dose-dependent manner, bypassing previous limits of curcumin supplementation to achieve unparalleled blood levels of curcumin. Detailed absorption studies have proven that Theracurmin is the best-absorbed form of curcumin on the market.‡

‡Scientific scrutiny revealed that Theracurmin was more bioavailable on a milligram-to-milligram basis than other leading[°] enhanced and regular forms of curcumin.

[°]As measured by SPINS 2014 data.

THERACURMIN® 2X
HIGHLY BIOAVAILABLE CURCUMIN · PROVIDES ANTIOXIDANTS · 120 MG

Serving Size: 1 Vegetarian Capsule

Servings Per Container: 30 (9508); 75 (9250)

Each Capsule Contains:

Theracurmin® Curcumin* from Turmeric (*Curcuma longa*) (rhizome) 120 mg

*A highly bioavailable form of curcumin – the most active curcuminoid in turmeric

Non-medicinal Ingredients: Vegetarian capsule (carbohydrate gum [cellulose], purified water), microcrystalline cellulose, silica, croscarmellose sodium, vegetable grade magnesium stearate (lubricant).

Recommended Adult Dose: 1 capsule per day or as directed by a health care practitioner.

Recommended Use: Helps relieve inflammation. Provides antioxidants.

Caution: Consult a health care practitioner prior to use if you are pregnant, are taking antiplatelet medication or blood thinners, have gallstones, a bile duct obstruction, stomach ulcers, or excess stomach acid. Keep out of reach of children.

Drug Interactions: Caution is advised when taking with anticoagulant medications. Consult a health care practitioner prior to use if undergoing chemotherapy, as curcumin has been shown to enhance the effect of some chemotherapeutic medications as well as inhibit the effect of others. A reduction in the dose of medications used to treat diabetes may be necessary, as curcumin enhances the effect of insulin.

Contains no artificial colours, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, egg, fish, shellfish, animal products, salt, tree nuts, or GMOs. Suitable for vegetarians/vegans. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
